### Plus 2 In Science

Vishwa Adarsha Higher Secondary School / Itahari / June, 2019 - September, 2022

### Bsc. Hons Ethical Hacking and Cyber Security

Softwarica College of IT and E-Commerce / Kathmandu / Present

## PROJECTS INVOLVED

---

### Encryption/Decryption tool

I have developed a fully functional encryption/decryption tool with python framework using different libraries and modules.

<https://github.com/Nimesh-Upadhyay/Message-Encryption-Decryption-Tool.git>

### Obstacle avoiding car

I made a fully automated and functional robotics car that can detect obstacles and avoid itself from an accident using arduino as a microprocessor. I have learned a lot of different things and improved my teamwork and leadership skill.
